“We've tried every product. Novaflex is the best.”

— John Barbera, President,
Barbera Home Improvement
Cleveland, Ohio

Roofing professionals all across the country have discovered the reliability and ease of use of Novaflex Metal Roof Sealant. Novaflex provides superior flexibility and adhesion to metal, coated metals, wood, masonry, PVC, and most common construction materials. It extrudes down to 0°F, adheres even in damp conditions, and is easy to clean.

Novaflex comes in a polymer tube that won't crumble when wet, and its longer tip puts down a nice bead even in tight corners.
